

## **AIRPORT TRANSFER TO AND FROM VILLA DELL'ANGELO**

Many clients complain **about how much they have to wait to pick up their hire-car at the airport.**

Mainly those ones who have had long flights, especially with older people or children. They also have to include extra time on departure to take back their vehicles.

To avoid this inconvenience we offer (on payment) the following service:

- **transfer from or to the Florence and Pisa airports with luxury car or van for up to 8 people at € 180 each way (naturally if they are more than 8, the number of vans that are necessary will be supplied)**
- **transfer as above from or to Bologna for € 260 each way**
- **to find the rental cars parked at the villas on their arrival and to be left there on their departure (included in the cost of the transfer)**

In Montecatini Terme (10min from the villas) there is a car rental agency with many years of experience. It is very well known in the area and has a wide range of transport at competitive prices and is capable of offering this service in a highly professional manner.

If the client is interested we can give him the direct contact, so that he can agree on all the details of the service.
